

AMCS Application Release Notes

AMCS Web Release 2.4.0.0

This release of AMCS (Aerospace Medical Certificate System) includes a modification to allow re-printing of AME Assisted Special Issuance (AASI) Medical Certificates. This document provides a tutorial for this new functionality.

If an exam/airman is eligible for an AME Assisted Special Issuance (AASI) Medical Certificate, a link will be available on the Search Applicants screen that will launch the AASI Medical Certificate screen where the AASI Medical Certificate can be issued and printed.

The screenshot displays the AMCS web interface. At the top, there is a navigation bar with tabs for "Search Applicants", "Pending Exams", "Import Application", "Help", and "Logout". Below the navigation bar, a message states: "All searches require entry of at least a Last Name, First Initial and Date of Birth. Enter the required criteria along with any other information you may choose and click Search." The search form includes fields for SSN, Applicant ID, PI Number, Date of Birth (04/20/1969), Last Name (mcginnypig), First Name (f), and Middle Name. There are "Search" and "Clear" buttons, and a "Create Applicant" button. Below the search form, a table titled "Found Applicants" shows two results. The first result is highlighted in yellow and has an "Add Exam" button. Below this, a table titled "Found Exams for Highlighted Applicant" lists various exams. The first row of this table is highlighted in yellow and has a red circle around the "AASI" link in the "Sts" column, with an arrow pointing to it.

AASI Medical Certificate Screen

The *Not valid for any class after date* field is the only updateable field. The date entered cannot exceed the last day of the month of the current exam's expiration date and cannot be greater than 24 months from the last day of the current month. Once the appropriate date has been entered, check the confirmation box at the bottom of the

screen to indicate the conditions for AASI have been met. Click on the **Preview Certificate** button.

AASI MEDICAL CERTIFICATE PREVIEW

Clicking on the **Preview Certificate** button on the AASI Medical Certificate screen will launch this screen. If the certificate is accurate, click on the **Print Certificate** button and make the necessary print selections. Once the certificate has printed, select where in AMCS you would like to return to using the links on the left side of the page.
